

Meeting Minutes
January 23-24, 2024, 10:00 a.m. – 4:00 p.m.
Zoom Call/DoubleTree Hotel
Syracuse, NY

Executive Committee Members

Caitlin Stewart, President
Jessica Armstrong, Vice President
Joann Burke, Secretary
Katy Kemmeren, Treasurer
Alice Halloran, Member at Large

Partners and Guests

Bethany Bzduch, NYSSWCC
PJ Emerick, NYSWCC
Tyler Knapp, NYSWCC
Jennifer Kelly, Chenango County SWCD
Brianna Rosamilia, Rockland County SWCD
Jevonnah Foster, St Lawrence County SWCD
Erin Peruzzini, Seneca County SWCD
Neal Towmann, Putnam County SWCD
Jim Diederich, Chemung County SWCD

Division Representatives

Rebecca Campbell, Division I
Jason Cuddeback, Division II
Carla Yaw, Division III
Shawn Murphy, Division IV
Maren Stoddard, Division V
Corrina Aldrich, Division VI
Travis Ferry, Division VII
Olivia Calandra, Division VIII

Absent

Blake Glover, NRCS
Blanche Hurlbutt, NYACD

Minutes

- I. **Call to order** – President Stewart called the meeting to order at 12:00 p.m.
- II. **Introduction** – Conducted.
- III. **Reading and approval of November 27-28, 2023 regular meeting and December 15, 2023 special Zoom meeting minutes** – The minutes were provided in advance of the meeting for review. Stewart stated she amended the December 15th meeting minutes to ensure that our gratitude to NRCS is reflected. She stated she was harsh with how she spoke about the complications with NRCS registration for the Water Quality Symposium. She was very grateful for the monetary contributions that NRCS gives CEA for events like our Leadership Institute, water quality symposium, conservation skills workshops. NRCS always provides monetary donations and instructors for these CDE events.

- **A motion was made by Cuddeback, seconded by Aldrich to approve the November 23-24, 2023, and December 15, 2023 meeting minutes. Carried.**

IV. Treasurer's report – Kemmeren shared report, appended to the minutes.

- **A motion was made by Yaw, seconded by Murphy to approve the Treasurer's Report. Carried.**

V. 2024 Budget – Budget was reviewed, edits made and tabled until next meeting. Stoddard suggested to bring up at the annual meeting the Skeet Tournament and see if there is interest this year. Campbell asked if the Frank Bratt Memorial Scholarship line item be raised to \$6,000. This would make an additional \$500 each quarter available. Murphy stated that the silent auction and bucket raffle only brings in \$3,000 - \$5,000. There is a surplus in the savings right now but if you raise the amount for scholarships, you will deplete savings quick. Stewart asked Campbell to amend the Frank Bratt Memorial Scholarship policy in the by-laws and we will need to approve it at the next meeting.

VI. Partnership Reports

- a. New York State Soil and Water Conservation Committee** – Bzduch shared her report, appended to the minutes. She stated last week Governor Hochul presented the Executive Budget that proposes to maintain EPF at \$490 million. State Aid is proposed to increase by \$2 million which is approximately \$30,000 - \$40,000 more for each District who meet all Performance Measures. She hoped the budget isn't delayed and gets approved by legislature. Next SWCC meeting will be February 27, 2024. Bzduch reviewed the Strategic Plan and is seeking feedback on it. She will share this plan at the next TAC meeting and hopes to submit the plan at the next SWCC meeting for approval. Murphy asked if she could develop email requesting feedback that Division Representatives could send out to their divisions. She stated she will work on that and send it to Stewart. Stewart stated that the strategic plan is a great document and lots of time and effort has been put into it.
- b. NYACD** – Hurlbutt reported for Legislative Days, they have a total of 79 legislator meetings already scheduled with 14 districts covering them. Monday evening, they will be meeting at the Hampton Hotel at 7:30 and Howard Schaffer is going to be a special guest speaker that evening to help them learn the best approach of meeting discussing our concerns and educating legislators as well as how to properly follow up with them locally. The Legislative Days are March 4th and 5th. NYACD will also be setting up a table at the Taste of New York and any one of those folks attending Monday's evening may also attend. Board meeting for January is tonight at seven o'clock if anyone wants to attend. The NYACD annual meeting has been scheduled for October 22nd and 23rd in Penn Yan, and this year, they're going to do things a little bit different. They're going to be two full days. Tuesday will be the beginning with training in a.m. and tour in the afternoon. On Wednesday morning we will host the annual board meeting with

awards luncheon in the afternoon rather than a banquet in the evening. Stewart thanked Hurlbutt for organizing Legislative Days and stated it's going to be great to reach out to legislators.

- c. **NRCS** – no report.

VII. **Division Reports**

- a. **Division I** – Campbell shared her report, appended to the minutes.
- b. **Division II** – Cuddeback shared his report, appended to the minutes. He stated at the CCA training he sat in on a class for herbicide resistant training and one of the annual ryegrasses Cayuga County uses in their cover crop program is becoming herbicide resistant which could be an issue. They have seen some ryegrass in his county that is herbicide resistant which is alarming but not a big problem yet.
- c. **Division III** – Yaw shared her report, appended to the minutes. Armstrong reported Oneida County SWCD has hired a new employee last week. Most of the same things happening as other counties. They do have one fun thing happening and that is Ronny Raindrop will be making an appearance at Utica Auditorium Soccer Match on Sunday. Rosamilia asked if Herkimer County SWCD was reorganizing WQCC and who the person that reported that. Yaw reported Gerry Smithson at Herkimer County SWCD would be the person to contact.
- d. **Division IV** – Murphy shared his report, appended to the minutes. He stated he would like to make a general comment on emails. He is a fan of emails but if Division Representatives who forward email messages from another Division Representative or Executive Board to please copy the original sender, so they know who it goes out to. This pertains to things that don't need to be sent out statewide. Bzduch stated they have been trying to figure out how to email things out. They have 3 main email lists – Districts, SWCC voting and advisory members and staff, and other partners. If you want something sent out statewide, please specify what email list you would like it sent to.
- e. **Division V** – Stoddard shared her report, appended to the minutes. Stewart stated that NYS DEC reached out to Hamilton County SWCD and have updated the PWLs in their county.
- f. **Division VI** – Aldrich shared her report, appended to the minutes.
- g. **Division VII** – Ferry shared his report, appended to the minutes.
- h. **Division VIII** – Calandra shared her report, appended to the minutes. Stewart stated that they have been developing a 9E plan for the Upper Hudson River Coalition and are stuck with funding. Have applied for 2 grants through Department of State and have been denied. They haven't been able to get passed the funding stage.

Meeting paused at 2:29 p.m.

Meeting reconvened at 2:37 p.m.

VIII. **Executive Committee Board updates**

- a. **Member at Large** – Halloran stated that the 4 Hour courses on NYSDEC website are worse than ever. They have put courses online and the information is wrong.

They put theirs up in the beginning of January wrong and still haven't fixed it. She has emailed Dave Gasper and heard nothing. Stewart stated she knows they switched to a new website.

- b. Secretary** – Burke reported that the voice recorder she uses is getting old and you can only hear recordings in one ear using headphones. She would like to replace it.
- **A motion was made by Yaw, seconded by Stewart to approve the purchase of a new voice recorder. Carried.**
- c. President** – Stewart reported she has hosted two manager meetings, and they were very productive. She stated she always invites CDEA Division Representatives to keep the lines of communication open and to allow them opportunity to participate. She also stated that a piece of legislation that just hit was Senate Bill 7854 that Senator May introduced to establish the New York state cooperative watershed management program within the department of environmental conservation under which watershed networks may apply for grants for watershed network development and watershed network professionalization, subject to appropriation of funds from the legislature. She thanked Scott Fickbohm for sending this bill to her. She stated she looks for bills like this weekly so she can stay on top of issues that could adversely impact conversation at Districts. For this bill, watershed groups include state and local watershed agencies, watershed council, etc. but doesn't specifically state conservation districts. She feels this duplicate what conservation districts have already done. She forwarded this information to Hurlbutt and Stewart will ensure this gets talked about at the next NYACD meeting. Stewart stated she reached out to Hurlbutt, and she stated she needs to learn more about the bill.

IX. CDEA Standing Committee

- a. State Fair Committee & Empire Farm Days Committee** – White submitted her report, appended to the minutes.
- b. NYS DEC Endorsed 4-Hour Erosion & Sediment Control Online Training** – White submitted her report, appended to the minutes.
- c. NYS Erosion and Sediment Control Certificate Program** – Verrigni submitted her report, appended to the minutes. The contract was sent out for review ahead of the meeting. Burke asked if the address of CDEA should be changed. Stewart stated that she left that address as it is associated with her credit card. Kemmeren stated she can change the address to Hamilton County SWCDs. Stewart thanked Kemmeren and Burke and stated she will make changes to the address on the contract. Calandra asked how you participate in this program and become a trainer. Her District Manager is interested in becoming a trainer. Armstrong stated you take the course and then there's a test. After you pass the test, you must meet certain criteria like 5 years of experience or college education.

- **A motion was made by Yaw, seconded by Campbell to approve the NYS Erosion and Sediment Control Certificate Program contract and to pay Jessica Verrigni \$8,500 to oversee the program. Carried.**
- d. **Conservation Skills Workshop-** Eskildsen reported they will work on planning for 2024 early May and try to look at a second hotel location in Auburn possibly for 2024 as well.
- e. **Administrative Conference** – Stewart reported that Lewis is looking to move the venue to a different location and asked for an increase in the budget.
- f. **Northeast Association of Conservation District Employees** – Parker submitted his report, appended to the minutes.
- g. **National Association of Conservation District** – Parker submitted her report, appended to the minutes.
- h. **Frank Bratt Memorial Scholarship** – Campbell shared her report, appended to the minutes. Campbell will work on updating the policy in the by-laws before the next meeting. Murphy suggested writing newsletter articles or announcements to advertise the scholarship to get more applicants.
- i. **Water Quality Symposium** – Armstrong reported she met with Linda this morning and she sent out reminders statewide of the upcoming deadline to register. As of this morning there were 190 registrants. Entertainment was discussed. Division Meetings will be held Wednesday from 12-1:00 pm. Next year, possibly look at holding meetings in different conference rooms. Calandra reported award nominations is doing well. She extended the deadline to Friday. She has 28 nominations so far. No nominations for Heroic Action Award and Division II Merit Award. Armstrong stated she needed an emcee for the Awards presentation. Stewart stated that Troy Bishopp and herself tag team taking pictures of award recipients. Stoddard asked if there was any interest in the gun raffle. She and Kristin Ballou will take charge in selling tickets again this year. Murphy and Halloran stated yes for the gun raffle since tickets sold out last year. Stoddard stated that Fish On Challenge deadline for submissions has been extended to the 28th. They only have two submissions so far. At the Resource Fair WhitKovits will have a booth for Fish On Challenge to accept signups. They will continue taking signups during the whole symposium. Stoddard asked about offering Venmo for people to use to pay for the signups and then they will give donation to CDEA. Stoddard stated she will be tag teaming with WhitKovits for the banquet for the Fish On Challenge Awards. Stewart stated she will put Fish On Challenge awards on the agenda for the annual meeting instead of presenting awards at banquet. Murphy and Law reported that they have sent out announcements and requests for raffle bucket raffles and silent auction items. Calandra asked if every division donates one silent auction item, and every district brings one for bucket raffle. Murphy stated he encourages as many items donated as possible. Stewart stated Division Representative reports and partnership reports for the annual meeting packet need to be a two-page maximum due to her by February 16th. Stewart asked Armstrong to reach out to Greg Albrecht and Kristin Ballou on scheduling breaks for classes as they like to have

oversight on the schedule of their classes breaks. Stewart suggested staggering breaks, so people don't eat all the food.

Meeting suspended at 3:57 pm.

Executive Committee Members

Caitlin Stewart, President
Jessica Armstrong, Vice President
Joann Burke, Secretary
Katy Kemmeren, Treasurer
Alice Halloran, Member at Large

Division Representatives

Rebecca Campbell, Division I
Jason Cuddeback, Division II
Carla Yaw, Division III
Shawn Murphy, Division IV
Maren Stoddard, Division V
Corrina Aldrich, Division VI
Olivia Calandra, Division VIII

Partners and Guests

Bethany Bzduch, NYSSWCC
Brian Steinmuller, NYSSWCC
Ryan Cunningham, NYSWCC
Tyler Knapp, NYSWCC
Blanche Hurlbutt, NYACD
Jennifer Kelly, Chenango County SWCD
JJ Kathe, NYSDEC
Kristin Ballou, Franklin County SWCD
Megan Webster, Ontario County SWCD

Absent

Blake Glover, NRCS
Travis Ferry, Division VII

Meeting resumed at 8:00 am on January 24, 2024

JJ Kathe, NYSDEC, gave a presentation on the NYS Reforestation Plan, including background on the legislative origins of the reforestation plan, DEC's proposed stakeholder engagement process, and the draft outline. J.J. and Stewart will then develop a survey seeking SWCD feedback. Murphy asked Kathe to share the slideshow especially the last side to Stewart. He also requested sending a paragraph or two that Division Representatives could send out.

Kathe left the meeting at 8:34 am.

- j. **New York State and NCF Envirothon Committee** – Kemmeren reported that everything is moving along. They have monthly meetings with NCF staff and are meeting all our deadlines. Looking for volunteers for both events. Hurlbutt stated they just sent the oral presentation rules that they wanted to change up a little bit for the NCF to be more related to New York's rules. And in February in San Diego, she will be doing a presentation to the whole NCF committee on the general area and what they expect to be doing while they're here.
- k. **Environmental Education Foundation** – Burke reported last meeting in December didn't have a quorum. Next meeting is February 21, 2024. Still need 2

members and still looking for money. Stewart asked if she knew if a donation came through from the Alfred Z Solomon Trust. Burke stated she didn't know but to touch base with Chastity Miller or Linda Miller the Treasurer.

- l. Civil Service Committee** – Stewart reported that following up to the Administrative Conference, New York State Civil Service gave a great presentation and recommended that we may make some great progress by contacting our local civil service when we have exams that have been ordered but have not been offered for years and when we create new positions but no movement. Unfortunately, no movement forward with those positions occurs. She has reached out to a contact at civil service and has not heard back from them, but she will follow up.
- m. New York State Invasive Species Advisory Committee** – Stewart reported that she serves as secretary for this committee, and it is a great committee to be involved with on the invasive species side of things. The advisory committee serves as basically an advisory committee to the Invasive Species Council. And they make recommendations on things like updating what's called Part 575. The lists species of concern that are prohibited from being transported in New York State. Things like Japanese Barberry, Chinese stilt grass, burning bush, and Goldfish, so there was a big list of prohibited species. And the invasive species advisory committee makes recommendations on additions or even subtractions for that list. So, it's a great committee to be involved with. She assisted with updating their annual report and is working with Chris who's one of the prism leaders. A lot of people on the advisory committee don't know what districts do. So, it's another really great opportunity to get the word out to our partners. And to let them know that we really are leaders in the conservation world.
- n. Recruitment and Retention Committee** – Stewart reported she hasn't heard of any job fairs that people are wanting to attend. But there is a support mechanism in place for districts who are wanting to attend job fairs tabling with them. At one time, she spoke with Glover from NRCS, about the opportunity to partner with NRCS at these fairs. If anyone hears of job fair opportunities, let her know and CDEA can cover the cost for registration, if there is one. Cuddeback added the NYS Farm Show is coming up in February and the State Fair/Empire Farm Day Committee will have a booth this year that is geared more towards not totally recruitment and retention, but it's going to be geared for the more of the skills, trying to show attendees what the districts do. And I think that's a theme for this farm show and for state fair coming up for at least the next two years. Stewart thanked Cuddeback and stated that Alaina Robarge had reached out to her, and she will forward her inquiry to division representatives looking for photographs to put on the banner. Stewart has some in mind that are suitable for Hamilton County, sort of on the non ag side of things. She'll forward Robarge's request to the Division Representatives who can forward that on to their districts to get her some great sharp photos of district staff on the ground. And that will be attractive on those banners.
- o. Leadership Institute** – placeholder until 2027

X. CDEA Activities

- a. DEC Permitting** – Murphy reported that at the November meeting there was a lengthy discussion on concerns about design criteria and things being implemented permit applications, stream permit culvert replacement permits, and such being implemented in different ways across different regions by DEC staff. And we kind of came up with an idea of local offices, bringing their local regional people out and seeing on the ground reasons why a one size fits all approach doesn't necessarily fit. And then it came back that Caitlin and he were going to work on developing a survey to districts to see what their concerns were with the process and figure out how to talk up at a higher state level with folks about those concerns. They haven't gotten to that survey yet. Since then, he received information that there was this draft guidance for the review of bridge and culvert projects and non-tidal waters, requiring a protection of waters permit and water quality certificate available for public review and comment. He asked all the divisions send it out. Murphy asked that Stewart be copied on all comments to keep a pulse on it. He has heard from a couple people so far, and one from her office and one other, there's a worry that this document doesn't provide the flexibility that they see in like the Army Corps nationwide permit, where it talks about meeting certain criteria, but it doesn't say you might still be able to do this, if it doesn't meet all these criteria. They should let us know why it doesn't meet it and give us the evaluation they completed with reasons why. In Army Corps language, it's a pre-construction notification. Some folks say that this guidance document doesn't really give us enough of that flexibility worked into it. Steimmuller stated he sits on the NAACC New York Committee, which is like a partner agency around the state that focuses on NAACC specific initiatives in New York. He missed the meeting, but Corbin is spearheading this. He's the Aquatic Habitat Program Manager for Division of Fish and Wildlife. His email was one that went out with the statewide email. There's a lot of discussion on it, he talked to Jared at WRI because he tracks that stuff a lot closer. He's concerned that the guidance is just requirements that are going to be coming out. So, if you do have comments, Steimmuller suggested you read through it. If you have specific things, you can email directly to Corbin. End of public comment is in two weeks. Halloran stated that she passed it on to her County DPW. They were pretty concerned about it and the highway superintendent for the county talked to the state Highway Superintendents Association and they were going to ask for an extension of the comment periods. Stewart was going to contact Corbin and ask for an extension in the comment period and invite him to a webinar with Districts.
- b. Bond Act** – Stewart reported that she talked about this during the manager's meeting, and she sent out a survey to managers and was really disappointed with the response, about only 10 individuals replied. It wasn't a good sampling size to draw any type of good information. What she was hoping to gather was ideas on how to spend Bond Act funding in terms of district projects. Bzduch added that right now the state agencies are working with the Bond Act coordinator, who is Susannah Randall to identify existing state programs that can benefit from the Bond Act funding. So that initiative is still going on, but she thinks they'll be

wrapping up soon, especially since the state of the state was released, and now the executive budget was proposed. At this point, they have identified the Ag nonpoint source program and AEM program as two major programs that can receive Bond Act funding to help expand, what we're able to offer through those programs. They have been trying to sort through is the requirements of the Bond Act funding. While she thinks those programs will be able to utilize Bond Act funding, we won't be able to support all the projects and activities that we fund through those programs. To be able to use Bond Act funding, it must be a project that is structural in nature. Most of what they fund through, say ag nonpoint source is considered structural, and could be supported by Bond Act funding. But planning activities, for example, would not be eligible. That's what they've been working on so far in particular for the water quality piece of the Bond Act. Steinmuller added the types of implementation practices that are not bondable would be our agronomic practices, a lot of our soil health practices, chief among them would be cover crops. That's certainly a practice that has wide utility and demand across numerous programs with respect to would not be bond act eligible. We've got to think about Bond Act in a kind of a strategic way. When proposing projects down the road where there's bond act applicability, separating things out so that, if you're making an application for Bond Act funds that there's a clear distinction and eligibility, which as Bzduch mentioned, something they are working with the DEC interagency team on right now. They're not exactly sure when, but they think they are probably on a timeframe where they would be able to have Bond Act supplement EPF by announcing the next funding round back because they are going to be a little later with ag nonpoint. So that'll give them more time to work through the eligibility criteria that otherwise is not part of the EPF funding. He knows there's going to be continual discussions across the agencies. But he thinks Bzduch and him have talked about this before that we meet with them every Friday. And in water quality is one Friday and flood risk and reduction are another. Climate change subcategories yet another way we have pitched concepts and ideas to really continue to supplement our CRF program around heavy structural practices. And they are still working on some other program concepts in relation to climate adaptation, flood risk and resiliency. The water quality subgrouping and water quality can be eligible criteria is what's moving through the state government offices now, that's the priority. So that is why they are focused primarily on it this point in time, and making sure those programs will benefit from additional Bond Act funds. Stewart thanked Bzduch and Steinmuller for the update. She also thanked them for working with Randalls on behalf of conservation districts. It seems like a lot of money is coming our way and we're glad to have you at the helm of things. If there's anything that CDEA can do in terms of meeting attendance, providing additional information, needing a cohesive voice, let her know.

- c. **Venue Donation Discussion** – Stewart reported that we discussed venue donation at our December special meeting. There was some great discussion over how much CDEA should contribute to venue donations. For example, the Conservation Skills Committee asked for a donation for the fire hall, who hosted

several training sessions and Jessica Verrigni asked for a donation for the venue where the four-hour exam was held. Stewart knew that there were some questions raised, and she wanted to open this up for discussion with the board. She asked if we should proceed with a policy and how much or just leave it up to the chair of the committees. Halloran stated at the December meeting, Stewart said that we don't do it a lot, so maybe it doesn't really need a policy. It can be decided case by case.

- d. **4-Hour Fund application review and approval** – Stewart stated no applications were received. Webster asked if there was a cap on how much money you could apply for as there is a roadside stabilization workshop being held in Ontario County with at least 5 counties planning to attend. Stewart stated there is no cap on money required if this workshop is available to the entire state. She also stated that the board will be meeting in a few weeks for a special meeting if she was interested in applying for 4-Hour funds to get her the application. The application is available on SharePoint. Stewart thanked Yaw and Aldrich for reviewing the application.
- e. **CDEA By-Laws** – Stewart thanked Murphy and Armstrong on assisting her with updating the By-Laws. Discussion ensued on updating the By-Laws. Stewart will make some formatting changes and will have it ready for the special meeting in a few weeks.

Bzduch and Steinmuller left the meeting at 9:48 am

- f. **CDEA News** – Stewart reported that the latest CDEA news is on the CDEA website. She thanked everyone who contributed news to the newsletter. She will be sending out notifications for the next deadline which is February 2nd. She asked Division Representatives and executive committee if they had any photos, save the dates, special recognition, births in your district or new employees please email them to her. Cuddeback suggested printing the latest CDEA newsletter to put on each table at Water Quality Symposium.
- g. **Management Development Certificate Program** – Halloran stated she found papers on the program and needs to review them. She received some feedback on the program with some interested and some never hearing about it. Cunningham stated that it's in the SWCC strategic plan and he had never heard about it. Cuddeback stated it was popular in 2008-10. Armstrong suggested bringing this program to managers meeting at Water Quality Symposium. Dean Moore had tried to revitalize the program when he was Member at Large. When she gets off all these boards, she and Chastity Miller would be interested in going through this program if it was offered. Murphy suggested reaching out to past participants and asking them what the program meant to them and what they had done with it. Stewart thanked Halloran for her work on this.
- h. **Ronnie Raindrop** – Stewart stated that she has asked Division V to take over Ronny Raindrop and look for a new vendor for new costumes. The previous one hasn't been that easy to work with.
- i. **Fish On Challenge** – Stewart thanked Stoddard for mentoring WhitKovits. An email has been sent out requesting sign ups. Please get the word out.

- j. **2 Hour NYS DEC MS4 inspector training program for Districts** – Stewart stated the general permit for stormwater discharges for MS4 systems became effective on January 3, 2024. NYSDEC finally put out a new permit for the MS4 general permit. Cunningham stated the MS4 permit the new general permit from DEC has been working on for several years. Tacked onto it was a two hour for training for code enforcement officers as part of the requirement for the permit. As he understood DEC wanted districts do a train the trainer for enforcement officers then they wouldn't be the people training them and how they underlain some of the requirements, whether they're new or old, or some of the existing MS4, within a dinosaur permit. They had a municipal sub meeting back in 2020, discussing this. And then subsequently, through the years we had dec on took them a long time develop a training. I don't know if this two-hour training trainer has been developed, I haven't heard if it's part of it, or whether DEC wants districts to be involved. If there's a fee structure, he didn't know if anybody else heard developments on the trainings. Murphy stated that one of the reasons for utilizing BlackBoard besides the 4-Hour online course was to use this platform to administer the 2-hour training to enforcement officers. Stoddard stated that her county does a two-hour training already. Jim Lieberum, she thought had a good resource that could talk to Stewart. Some of Warren County municipalities are trying to follow the new MS4 permit. Stewart stated that she can pursue whoever is sort of spearheading this. She can pursue it, see where they're at with it and if it's close to be turned into a training.

XI. Other Business- None

XII. Correspondence – None

XIII. Next Meeting – Special zoom meeting to review budget and by-laws on February 5, 2024, at 1:00 pm. Annual Meeting will be March 13th at DoubleTree Hotel at Water Quality Symposium.

XIV. Adjournment

- A motion was made by Murphy, seconded by Armstrong to adjourn the meeting at 11:26 am. Carried.

Respectfully submitted,

Joann Burke

Soil and Water Conservation Committee

KATHY HOCHUL
Governor

RICHARD A. BALL
Commissioner

DALE STEIN
Committee Chair

NYS Conservation Districts Employee Association January 23 - 24, 2024 NYS Soil and Water Conservation Committee Report

Municipal Assistance Sub-Committee: No meeting scheduled at this time, but we are developing a list of meeting topics that could be discussed at a future sub-committee meeting. If there are any meeting ideas/topics that could be included on a future agenda, please reach out to Ryan Cunningham (ryan.cunningham@agriculture.ny.gov) and PJ Emerick (patrickj.emerick@agriculture.ny.gov).

Technical Advisory Committee: The next Technical Advisory Committee meeting will be held on January 29th from 10:00AM to 12:30PM. We will be discuss the role and function of the committee, as well as, meeting frequency. Other agenda items include the presentation of the Round 8 Climate Resilient Farming RFP, the NYS SWCC 2024-2028 Strategic Plan, and the Forest/Agroforestry System.

District Operations Sub-Committee: No meeting scheduled at this time, but we are looking to hold a meeting in April 2024. We will be reaching out to past sub-committee participants, but request CDEA assistance in finding at least two Districts representatives from each Division to participate. Over the next couple of months, NYS SWCC staff will be working to identify and prioritize the sections of the District Operations manual that need updating to prepare for the April meeting. Victor DiGiacomo (victor.digiacomio@agriculture.ny.gov) and Ben Luskin (ben.luskin@agriculture.ny.gov) will be working together to coordinate the District Operations Sub-Committee.

State Programs Advisory Committee: Following the meeting frequency that was agreed upon at the December SPAC meeting, the next meeting of the State Program Advisory Committee will be held on February 20, 2024. A meeting invitation will be sent as soon as possible. Prior to sending the invite, request CDEA assistance in determining if it is appropriate to continue inviting all SWCDs or if a smaller group of District representatives is more appropriate.

NYS SWCC 2024 – 2028 Strategic Plan: A draft NYS 2024 – 2028 Strategic Plan was sent to CDEA for review and comment. In developing this draft, SWCC has reflected on feedback provided by SWCDs through the NYS SWCC Strategic Plan survey, Regional District Manager’s meetings, and other avenues. Please note, that this is still a working draft and is subject to change. As we continue to move forward with finalizing this document, SWCD feedback would be greatly appreciated and valued. SWCC will work with CDEA to determine the best path forward to solicit and collect feedback. The draft Strategic Plan will also be presented to SWCC Advisory Members at the next TAC meeting for feedback and comment. It is our goal to present the final draft of the 2024 – 2028 Strategic Plan to the NYS SWCC in March for approval.

Other:

- Ag Value Assessment Training: Agricultural Assessment Review on February 6, 2024 on the Webex platform. This informal session will review NYS Agriculture and Markets Law, party responsibilities, a review

of previous inquiries, and an open forum for discussion. A meeting invitation with access information will be sent out soon. This Webex will be recorded and made available to SWCDs.

Division I Report
Jan 23rd, 2024

I sent an email out to all the Districts in my division to see if they had anything they would like me to report.

Wyoming County (As of 11/14/23)

- Completed all open CAFO Waste Storage and Transfer grants
- 1- Round 26, 4 - Round 28, and 2 – Round 29 AGNPS to plan for implementation in 2024-2025
- Completed a High Efficiency Irrigation Grant closeout for a small produce operation in Perry, NY
- AEM Year 17 completed, Year 18 project development underway
- Ag District #3 Review is in progress and anticipated to be completed in June 2024: Towns of Covington, Perry, Castile, Genesee Falls, Pike
- Projects in Status:
 - CRF: planning for upcoming RFP announcement – several farms are interested in cover crops, cover and flare, and manure management
 - FLOWPA: two stream projects under design for 2024, one heavy use area for a farm operation, and potentially a nutrient reduction bioreactor for a drainage dwale to Silver Lake
 - WQIP: Working with LaBella Associates on a major erosion site on the Tonawanda Creek, engineered designs – was used to apply for implementation funds
 - Part B: planning a road ditch stabilization in the Town of Covington
 - Increasing invasive knotweed treatment management ~ 30 additional sites as some legacy infestations are transitioned to the monitoring phase
 - Continue to contribute funding towards invasive species management around Silver Lake

Cayuga County SWCD Report **January 2024**

- **TAC meeting-** Jan. 29th, 2024
 - Sub-committee overview
 - Roll & function
 - DRAFT 2024-2028 Strategic Plan review
 - DRAFT Rd. 8 CRF RFP review
 - Update on Forest/Agroforestry BMP System & BMP Catalogue
- **Rd. 7 POW- Due Feb. 1st 2024.**
- **Grants**
 - **EBM-** Ecosystem Based Management Program
- **Projects- AEM Tier 4 closeout projects**
 - Cover Crops
 - HUA with an animal trail & walkway
 - Prescribed Grazing System
 - Grassed Waterway with a lined waterway
 - 2 WASCOB's
- **2024 Annual Tree, Shrub & Groundcover Sale**
 - Picture issues
 - How are Districts dealing with photo's for tree or fish sale?
 - **Certified Crop Advisor training-**
 - Nov. 28-29 in person
 - Dec. 12-13 virtual
 - Herbicide resistant cover crops
 - Annual Ryegrass
- **Owasco Lake 9E**
 - Updating the DEC model
- **North American Manure Expo**
 - Auburn NY, Patterson Farm (Aurora NY)
 - July 17-18, 2024
 - Manure Tillage demo
 - Drag line
 - Dribble bar
 - Pit agitation
 - Soil Health
 - Farm Tours
 - More to come

Monroe County SWCD Report **January 2024**

- NYS Fair Committee Member – coordinating the NYS Farm Show event for first time in 2024 in lieu of Empire Farm Days; Working on our new Theme for the 2024 SWCD Booth at the State Fair;
- Accepting orders for our 2024 Conservation Tree & Shrub Program – over 250 orders received so far;
- Working on NYSSWCC reports;
- Held a workshop for Monroe County Assessors in January on our process for Soil Group Worksheets;
- Continue to serve as a Steering Committee Member for the NYS Erosion and Sediment Control Certificate Program – Exam Practice Booklet was prepared by committee and released last fall;
- Continue to maintain an updated list of instructors from SWCDs throughout NYS for the 4 Hour E&SC Course – check out the CDEA website for updated list of instructors <https://www.nyscdea.com/useful-resources/>;
- Maintaining the CDEA website as a Division II member – check out a listing of SWCDs statewide with contact information on the website under [About Us>NYS SWCD Directory](#);
- Continue as the Treasurer and member of the Genesee River Watershed Coalition and interim coordinator – next Coalition meeting is being held in March - date TBD;
- Working with NYS DEC on a watershed strategy/implementation plan for the Genesee River watershed;
- Oatka Creek Streambank Stabilization Project completed last fall - funded through GLC and FLOWPA;
- Continue to work with USGS on a bioretention monitoring project in Monroe County;
- Working with our Stormwater Coalition on the new MS4 permit requirements;
- Continue managing the NYS CDEA online 4 hour E&SC course and working to roll to new platform – still in testing phase before going live;
- NYS DEC Endorsed 4 Hour E&SC Training session will be held virtually January 31st and February 21st; Reminder that SWCD employees can attend the online version of this course for free through the CDEA <https://www.nyscdea.com/nys-dec-endorsed-4-hour-erosion-sediment-control-online-training/>;
- Coordinating and getting ready to release our 2024 WNY Stormwater Management Training Series with the first course being held on February 26th - <https://www.monroecountyswcd.org/page-48.html>;
- Continue to work on 2 projects under WQIP Round 12 including a regional stormwater pond facility, and a stream restoration project at a local school district;
- Construction for the WQIP Round 14 Stream Restoration on Black Creek was completed last November;
- Participant in the Resilient NY project for the upper Genesee River;
- Steering Committee member for the Town of Hamlin's Farmland Protection Plan as well as the County's Farmland Protection Plan updates;
- Working on developing farm plans for 2 new farms in Monroe County for AEM R18;
- Working on AEM R17 closeout as well as CRF R3 closeout;
- Continuing Spotted Lanternfly monitoring in partnership with SUNY Brockport using our 2024 Part B funding;

Soil and Water Conservation Districts provide ongoing programs and services to conserve, enhance, and protect soil and water resources in communities.

DIVISION IV REPORT – 1/19/24

Division Updates:

Grange Contact List - the Grange contact list was sent out Statewide via our NYSCDEA Division Representatives; thank you! If you ever need an update I am right upstairs and am happy to ask for it again!

Bucket Raffle and Silent Auction – The first mailing went out soliciting donations for the bucket raffle and silent auction to support the Frank Bratt scholarship program. The first item was already received and was submitted by Division I, way to go Becca!

Division Representative – We are an even Division, meaning it is election year! I have reached out to the Division seeking nominations to be voted on at the Division 4 meeting in March at the Water Quality Symposium.

County Updates:

Cortland County:

Cortland held a “Notary Exam Prep Class” on 12/13/23. NYSCDEA 4-Hour Funds supported the attendance of 13 SWCD staff members, from 10 different Districts, pulling from 5 NYSCDEA Divisions as well as covering administrative costs for the training session.

Tioga County:

From Lydia Brinkley, USC Buffer Coordinator: There is a USC Riparian Buffer Task Force meeting at the Broome County Cooperative Extension office on 2/15 from 10-2. RSVP to Lydia at lbrinkley@u-s-c.org Additionally, the USC Buffer Team is working on scheduling CREP Eligibility Trainings with the Farm Service Agency. The hope is for a session in April in Otsego County and then another at a later date in Chemung or Tioga County.

State-wide:

To be discussed under CDEA activities. At the last meeting, as noted in the minutes, we had a lengthy discussion regarding NYSDEC permitting and discrepancies in interpretation of permit guidelines that vary from Region to Region and even within regions. There were concerns aired regarding design criteria and, in short, a two headed approach was discussed. Locally, Districts could get their local permit representatives out to sites and discuss the fact that designing to a “one size fits all approach” is not practical.

From the NYSCDEA standpoint – we (Caitlin and I, along with maybe a few folks who called in to the last meeting) were going to develop a survey, to gather feedback from Districts regarding troubles they have been having as part of the NYSDEC permitting process. We have yet to make any movement on this survey development.

Since the meeting, NYSDEC has released a draft [Statewide - Guidance for the Review of Bridge and Culvert Projects in Nontidal Waters Requiring a Protection of Waters Permit and a Water Quality Certificate - NYDEC](#). NYSDEC's Corbin Gosier, Aquatic Habitat Program Manager, Division of Fish & Wildlife, Bureau of Ecosystem Health - "This draft Guidance is intended for DEC staff to use during review of bridge and culvert projects requiring a Protection of Waters permit or Water Quality Certificate and will also inform the public on DEC's technical considerations."

Gosier has asked NAACC NY members for feedback: "The New York State Department of Environmental Conservation (NYSDEC) values your input and participation in shaping guidance to help protect streams and reduce flooding." Additionally, I shared information from the NYSDEC webpage when I was made aware of this document and comment period via our Division Representative network. Division Representatives were asked to share with their Districts.

We've heard from a couple folks already that there is worry that this document removes flexibility and may not allow for site specific determinations. While its intent may be to get all of the NYSDEC's employees "on the same page" and "attempt to simplify permitting" some worry it is a way to simply deny a permit application that doesn't meet design criteria rather than increasing the capacity of NYSDEC staff to evaluate sites. Army Corps has clauses in their nationwide permits where pre-construction notification is required for projects that don't meet their "general requirements"; it's a way to bring site specific conditions into the permit application. Worries are NYSDECs draft does not seem to do this.

Districts need to review this document and provide comments back by 2/9/24! Here is what was sent out 1/10/24, asking those sending in comments to copy Caitlin on them:

From: <https://dec.ny.gov/regulatory/permits-licenses/waterways-coastlines-wetlands/protection-of-waters-program/stream-crossings>

NYSDEC developed the [stream crossings guidelines](#) to promote natural stream conditions and to allow animals to move unrestricted while balancing transportation demands. Special considerations for the life requirements of invertebrates, fish, amphibians, reptiles, mammals, and birds have been considered while developing these guidelines. Depending on the project, additional engineering design may be necessary to ensure structural integrity and appropriate hydraulic capacity.

Draft 2024 Bridge and Culvert Guidance

- DEC has announced new [draft Guidance for the Review of Bridge and Culvert Projects in Nontidal Waters Requiring a Protection of Waters Permit and a Water Quality Certificate](#) (PDF) which is now available for public review and comment.
NOTE: The period for public review and comment will end February 9, 2024.
- This guidance describes minimum design requirements and other considerations of the New York State Department of Environmental Conservation (NYSDEC), Division of Fish and Wildlife during review of bridge and culvert projects requiring Protection of Waters permits. This new guidance has been developed to:
 - Clarify DEC's stream crossing guidelines described on this webpage and clarify permit issuance standards used by staff;
 - Incorporate climate change considerations into issuance of DEC permits as required by CRRA and CP-49; and
 - Promote and encourage statewide consistency and efficiency with both DEC staff and the regulated community.
- Written comments on the draft Guidance will be accepted by email until February 9, 2024. The comments shall be submitted to the contact below. Please include "Comments on the 2024 Draft Bridge and Culvert Guidance" in the subject line.
 - **Contact Information:**
Corbin Gosier
518-402-8872
Corbin.gosier@dec.ny.gov

Questions: Does this change our strategy at all as to developing a survey? There is a permitting info session at the WQS; does it need to be tweaked/added to (note it is after the comment period and there may not be time)? Do we need to send in comments as the NYSCDEA; thoughts at the last managers meeting seemed to orient themselves towards Caitlin recommending that individual Districts comment, thoughts? What are our next steps in general?

Respectfully submitted by Shawn Murphy, Division IV Representative

Division V Report

January 2024

Division Updates:

- Updating list of employees for recognizing new employees & years of service recognition: Thank you to those who sent me their updated lists and contacted managers. I am still waiting on Division II.

Clinton County

- Working on Annual Reports
- Working to complete AEM 17 and lining up AEM 18 Implementation projects
- Working on 4 Ag NPS projects, 1 CAFO Waste Storage
- Planning 2024 Part C projects
- Working on the implementation of the Lake Champlain Basin Program Small Farms agronomy grant
- Working on Ash Tree Management grant application for several small towns.
- Seeking to hire a summer intern to do NAACC assessments, monitoring Emerald Ash Borer traps and hydroseeding

Essex County

- AgNPS 26 project finishing construction
- Planning - AEM, cover crops, roadside projects, buffer program, 2024 grant apps
- Tree sale
- Annual reports, AEM closeout
- Intern posting out

Franklin County

- No Report
- Headed to SUNY Canton for a career fair in February for the Science and Engineering Dept.
- Advertising District Technician and intern positions

Hamilton County

- Conservation Field Day awards ceremonies for the essay and poster contest participants
- Hiring a seasonal technician for the summer season
- Septic System Replacement Fund - mailed 871 landowners a survey to update the DEC spreadsheet
- Municipal assistance for storm events
- Culvert assessments
- Adirondack Tree and Shrub Sale
- AEM Round 17 close-out
- NYS Notary Prep class

Warren County

- AEM Round 17 close-out
- Toured the Town of Warrensburg Wastewater Treatment Plant – one of the only natural filtration wastewater treatment plants left in the state
- SWCC Reports
- Warren County Hazard Mitigation Plan was approved
- Discussing the new SPDES Permit/Ms4s GP-0-24-001
- Clinton McCarthy joined the Board of Directors
- Developing a workshop for planners and zoning officials to discuss solar development within the county.
- Tree & Shrub Seedling Sale
- NY-LCB + ADK AOP Prioritization
- Announcing 1-2 internships for our office
- Received a NCF-Envirothon Diversity Enhancement and Underserved Audience Grant
- Awarded four Lake Champlain Basin Program Grants

Questions

- Save the dates for WQS
- Water Quality Symposium Class Ideas – Can we add a submit proposals option to the CDEA website?
- NYACD Class – how to meet with legislators – Howard Shaffer

Respectfully submitted by,

Maren Stoddard

Sr. District Technician
Warren County Soil & Water Conservation District
NYS CDEA Division V Representative

Division 6 report

Albany County SWCD

Wrapped up the implementation of 7 Municipality Conservation Assistance Program projects – totaling over \$155,000

- Completed the installation of 1,116 feet of fence and 350 feet of livestock pipeline for a grazing system through the AEM Tier 4 Implementation program
- Conducting site visits for many homeowners/landowners with drainage concerns
- Soil Group Worksheet season has begun
- Assisted a landowner with concerns associated with large scale construction for the Champlain Hudson Power Express transmission line
- Creating a tree selection list for municipal planning boards that are approving plantings

Washington County SWCD

-State Reports

-Working on Newsletter

-Grant closeouts

-AEM closeouts

-Planning for AEM Rnd 17 projects

-Soil group worksheets

-CRF Plans of Work

-Municipal Assistance with Brine Tank program with both the county DPW and several towns also site visits to a couple of problem areas regarding beaver issues and a large bank slough on Town of Putnam owned property on the shores of Lake Champlain

-John Rieger has retired from our Board after 35 years as Chairman we wish him well. He is being replaced by Sherri Slater a retired Environmental Conservation Educator with the Southern Adirondack Educational Center we look forward to the new energy and forestry background that she will bring to the Board.

-Part time employee Korey Evarts started after classes in December he has gotten his Drone Pilot license, and his lincpass. He's been out on site visits with all staff for drainage issues-ponds-forestry-and wetlands, attended a CWICNY meeting and is working on background info about leasing a tractor for the interseeder next summer and gathering information about soil steamers for high tunnel veggie growers. Korey is on track to be ready to roll when he is done with classes in the spring.

-Scott Fitscher DC for NRCS retired and we now have Cody Sargen an NRCS Engineer housed at the Service Center 2 days a week. Might be beneficial once he gets settled in.

NYSCDEA Meeting January 23 & 24, 2023 Division VII Report Ulster, Orange, Sullivan, Greene, Dutchess, Columbia Counties

Ulster County:

- 2 staff members successfully passed their NYSESCCP test.
- Conducting monthly and post storm inspections of stream restoration project.
- AEM final reporting and Tier 4 implementation closeout.
- Yearend reporting.
- Finalized our tree and shrub sale onto square website so public can order online this year.

No other counties gave reports.

Olivia Cunningham

Nassau County SWCD

Conservation Technician

1864 Muttontown Rd. Syosset, NY 11791

516-364-5861

***Nothing to report from Putnam,
Suffolk or New York City Districts***

Division VIII Updates: January

Westchester County:

- Our focus right now is on the Westchester County Regional Envirothon that we are hoping to transform into a Hudson Valley event soon. Ulster, Dutchess, Rockland and Putnam are assisting us as well along with our County Parks Department and many NGO's across Westchester. It will be 4/19 @ Croton Point Park.
- Also wrapping up two 9-element watershed management plans in the LI Sound. We have been having trouble getting DEC 9-E approval though. Curious if others have faced this issue (the watersheds we are working in do not have a TMDL and DEC is being a bit contradictory from the QAPP they approved when we started the project).
- Researching Living Shoreline management techniques for a new project that the SWCD will be leading in 2026. If you or Suffolk has any feedback, I am all ears ☺. The project will be in the LIS (Rye).

Nassau County:

- Manage the Nassau County SEPTIC Replacement Program. We have reached our 120th installation. Have reimbursed 104 applicants so far, spending \$2,080,000.
- Working with the State on creating The Open Space Plan to organize the remaining open spaces throughout Long Island. Hasn't been updated since 2016.
- Starting to work on our LI Regional Envirothon with Suffolk SWCD – we have 7 schools signed up and approximately 20 volunteers so far. We have received some checks from local partners who would like to sponsor the event as well. Will be hosted at USDAN Summer Camp for the Arts again this year.
- Finished up a Part C Project at Garvies Point Museum – awarded them money to forestry mulch an area that was covered with invasives and replaced with native seeds.

Rockland County:

- Right now we are starting up the Rockland Planning Land Use with Students (RPLUS) program with partner agencies (details from this program are included in the Spring/Fall 2023 newsletter that follows).

Spring 2023 Newsletter

January – May 2023

Board of Directors

James J. Dean, *Chairperson*
 Fred Brinn
 Larry Brissing
 George Wargo Jr.
 Bob Milone

District Staff

Brianna Rosamilia, *District Manager*
 Janice Regan, *Bookkeeper*

Greetings SWCD community!

We would like to introduce our new District Manager, Brianna Rosamilia! As you may know, Brianna previously worked for the SWCD as the Conservation District Technician. In this new role, she will be overseeing the SWCD board and education programs to ensure we meet our performance measures each year. The SWCD has also been working with a consultant, Marcus Octaviano, to help run our programs during this transition! Read on to learn about what we've been up to over the last few months.

American Eel Project at Minisceongo Creek

This year, volunteers sampled the eel net at Minisceongo Creek for a full 11-week season! This is a project of the NYS DEC Hudson River Estuary Program, coordinated at the local site by the SWCD. Each year, volunteers count, weigh, and relocate young American eels over the nearest barrier. They help to collect important data contributing to conservation of the species. Over the 11 weeks, 75 volunteers participated in the project to count and relocate a total of **2,167** glass eels!

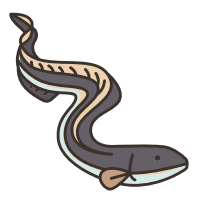

(Above) Volunteers preparing to count eels.

(Above) A cup of 20 glass eels ready to be weighed at a sampling session.

(Left) Volunteers close and tie off the net after sampling eels.

Bird Walk

This past April, the SWCD hosted a bird walk with the Tappan Library in Sparkill along the Joseph B. Clarke Rail Trail. Members of the community joined SWCD and Library staff in identifying and counting various species of local birds. Examples of birds spotted along the trail included red-winged blackbirds, American robins, and blue jays. The group observed **11** different species of birds, counting a total of **60** unique individuals!

(Above) Song sparrow perching on a branch.

Rockland Planning Land use with Students (RPLUS), 2023

RPLUS is a collaborative project between Lamont-Doherty Earth Observatory, Keep Rockland Beautiful, Rockland Conservation and Service Corps, and the Rockland SWCD. Educators lead a series of workshops to teach students about sustainable planning. At the end of the workshop series, students and teachers were invited to a symposium to share their projects and work together to create other sustainable development plans.

This year, we worked with a total of 10 schools in this program. Of the 10 schools, 9 were able to participate in the Symposium that took place at STAC on Friday, March 31st. **129 students** attended the event alongside **28 mentors and 10 facilitators** from agencies throughout Rockland County! Photos by George Pejoves Photography.

(Above) Students work in a group with local community mentors to plan a project at the local Haverstraw Chair Factory site.

(Above) A student group presents their plan for the local Chair Factory Site in Haverstraw.

(Above) Students present to a room full of their peers and community mentors.

Rockland County Soil and Water Conservation District

Fall 2023 Newsletter

June - November 2023

Board of Directors

James J. Dean, *Chairperson*
 Fred Brinn
 Larry Brissing
 George Wargo Jr.
 Bob Milone

District Staff

Brianna Rosamilia, *District Manager*
 Janice Regan, *Bookkeeper*

Greetings SWCD community!

These past months, the Soil and Water Conservation District was involved in a variety of projects and education programs throughout Rockland County. The district took on two seasonal staff this summer, Gabby D'Amico and Adam Memmesheimer, to help with ongoing road stream crossing assessments, and collect samples as part of DEC's WAVE program. Additionally, the district hosted various events and education programs. **Read on to learn more about what we've been up to!**

Road Stream Crossing Assessments

This summer, the SWCD trained two new Rockland Conservation and Service Corps (RCSC) members in the North Atlantic Aquatic Connectivity Collaborative (NAACC) protocol. After they completed their training, Gabby and Adam surveyed **133** road stream crossings in the Town of Clarkstown, totaling over **9** square miles of land assessed! They finalized all surveys in the town of Clarkstown, completing culvert assessments across all of Rockland County!

Photo by Brianna Rosamilia

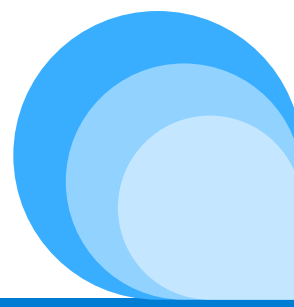

(Left) Seasonal staff making their way through a stream

WAVE Program

Water Assessments by Volunteer Evaluators (WAVE) is a program of the NYS Department of Environmental Conservation (DEC). Each year, SWCD staff train and coordinate volunteers to collect benthic macroinvertebrate (stream bug) samples in local County streams. Data collected can serve as an indicator of stream health. This year, **13** volunteers collected samples from **13** streams across Rockland County!

Photo by Rebecca Meyer
 (Above) A volunteer collecting a kick sample from a local stream

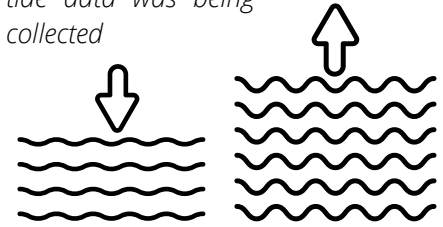

A Day in the Life of the Hudson and Harbor, 2023

Each year, the SWCD participates in a Day in the Life (DITL) of the Hudson and Harbor that is coordinated by the NYS Department of Environmental Conservation (DEC) and Lamont-Doherty Earth Observatory (LDEO). Students, teachers, and education partners spend a day at the Hudson River and Harbor recording various parameters. This year, SWCD staff led stations at Nyack Memorial Park where students from Liberty and Upper Nyack Elementary took measurements on various data points, including tides, currents, salinity and fish identification. The data serve as a snapshot of what the River and Harbor look like on a single day, getting students closer to nature in the process. This was the 21st year of this project!

Photo by Nyack Public Schools

(Left) Students looking over side of pier as tide data was being collected

(Right) Students helping station leader hold up a turbidity tube while it is being filled with river water

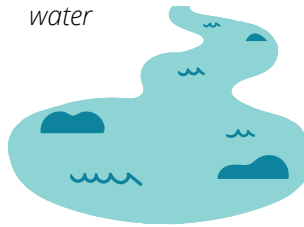

Photo by Nyack Public Schools

MCWA Cleanup

SWCD Staff helped to plan the annual Minisceongo Creek Watershed Alliance (MCWA) cleanup event! On October 22nd, 90 volunteers participated to clean up 5 sites in Garnerville and West Haverstraw. They removed **57** bags of trash, **21** bags of recyclables, and other large debris including a folding chair and electronic laminator. Together they removed **1,890** pounds of debris! A big thanks to all the partners involved in this annual clean up: Keep Rockland Beautiful, Rockland Conservation and Service Corps/Youth Bureau, Rockland Planning department, GARNER Historic District, and MCWA members.

(Above) Volunteers pose in front of trash collected during the cleanup event

**NYS DEC Endorsed 4-Hour Erosion & Sediment Control
Online Training**

**Administrator Report
January 2024**

We took in 197 registrations between November and December 2023 and made two contract payments to the NYSCDEA. I am still receiving phone calls from customers looking for their password or the training link. I did send out a test link for the new platform but ran into issues. I am currently waiting to hear back from my contact at Blackboard to get the issue resolved. Once this is all set, I will send it out again to be tested. I am having some sign-up as District employees and some as paying customers. I am hopeful that we will be going live with the new online platform within the next couple of months.

To review the 2023 Year End, we took in 1,253 registrations and 1,196 were certified in 2023. We made 12 contract payments to the NYSCDEA.

Any questions, please feel to reach out to me.

Kristin White

NYS Erosion and Sediment Control Certificate Program

January 2024 Report to CDEA Board

- Currently there are:
 - 49 Active Certificate Holders
 - 10 Suspended Certificate (2023&2024)
 - 12 Terminated Certificates (suspension longer than 2 years and people not renewing due to retirement or new jobs)
 - 9 applicants approved to sit for exam
- 2024 Certificate Renewals have been completed and suspension letters sent out to folks that have not submitted renewals.
- A Review Course has been scheduled for August 14th and 15th in Ballston Spa, NY. Dustin Lewis, Jim Lieberum and Jake Wedimeyer will be instructing the course. I will be working on developing advertising and getting it posted to the CDEA website in the next few months.
- Phone calls continue to come in weekly with interest in the program.
- Jerry submitted an invoice from Schuyler County SWCD to CDEA for reimbursement for the 2023 Administrative contract fee and a proposed 2024 contract for the program. No movement has been made on this on CDEAs end.
- Requested that an invoice for \$16,275 be emailed to Schuyler County SWCD so we can get program funds into the CDEA bank accounts.
- Financial report for the program.

NYSCDEA NYSE&SCCP Account	\$12,811.81
Schuyler SWCD Account	\$16,275.00
Total	\$37,748.62

Please feel free to contact me if there are any questions regarding this program.

Respectfully submitted,

Jessica Verrigni, CPESC, CPSWQ

CONTRACTOR AGREEMENT

THIS AGREEMENT ("the Agreement") which shall be deemed to be dated as of the date the last party executed this agreement, by and between the NEW YORK STATE CONSERVATION DISTRICT EMPLOYEES' ASSOCIATION, INC. Hamilton County SWCD, PO Box 166, 103 County View Drive, Lake Pleasant, NY 12108, hereinafter referred to as the "NYS CDEA," and SCHUYLER COUNTY SOIL & WATER CONSERVATION DISTRICT 2400 Meads Hill Rd, Watkins Glen, NY 14891, hereinafter referred to as the "CONTRACTOR."

WITNESSETH:

WHEREAS, the New York State Erosion and Sediment Control Certificate Program was developed from a Steering Committee comprised of representatives from NYS CDEA, New York State Department of Transportation, New York State Department of Environmental Conservation, New York State Department of State, New York State Soil and Water Conservation Committee, New York City Department of Environmental Protection, and Donald Lake, P.E.; and

WHEREAS, the NYS CDEA is desirous of obtaining the services of the CONTRACTOR to perform the services set forth in Section 1 hereof; and

WHEREAS, the Schuyler County Soil & Water Conservation District (SWCD) holds the current contract as Program Administrator for the NYS Erosion and Sediment Control Certificate Program; and

WHEREAS, staff person from Schuyler County SWCD, Jessica Verrigni, is a Certified Professional in Erosion and Sediment Control (CPESC) and a Certified Professional in Stormwater Quality (CPSWQ) and is the person handling the administration of this program; and

WHEREAS, Jessica Verrigni continues to be an employee of Schuyler County SWCD ; and

WHEREAS, the Schuyler County SWCD wishes to continue the existing agreement with the NYS CDEA to provide Administration Services for the NYS Erosion and Sediment Control Certificate Program with Jessica Verrigni handling the administration of this program;

WHEREAS, attached hereto is "Appendix A," Standard Clauses for NYS CDEA Contracts; and

NOW THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth, the parties hereto mutually agree as follows:

1. The CONTRACTOR hereby agrees to provide **NYS Erosion and Sediment Control Certificate Program Administrative Management** services (the PROJECT) for the NYS CDEA, in accordance with this Agreement and all attachments.
2. The term of this agreement shall commence on **January 1, 2024** and shall extend to **December 31, 2024**. This agreement may be terminated by either party upon thirty (30) days' written notice to the other party. This agreement may be renewed for one (1) additional two-year term at the mutual consent of the parties.

3. The NYS CDEA hereby agrees to pay the CONTRACTOR the sum not to exceed EIGHT THOUSAND AND 00/100 DOLLARS (**\$8,500.00**).

4. The CONTRACTOR shall provide bi-annual reports to the NYS CDEA Member At Large and Treasurer no later than thirty days from the end of each reporting period ending June 30 (due July 31) and December 31 (due January 31) outlining the progress of the program including current registrants, outstanding renewal notices and the sum of fees collected in the reporting period. On a bi-annual basis, the CONTRACTOR shall provide all registrations and associated fees to the NYS CDEA. CONTRACTOR fees will be paid upon presentation of invoices after each bi-annual report and associated fees are received.

5. The CONTRACTOR shall provide administrative management of the New York State Erosion and Sediment Control Certificate Program for the following primary tasks:

- a. Be the point of contact for questions regarding the certification;
- b. Track and manage all fees associated with the program;
- c. Maintain a database of all applicants, active certificate holders, and fees collected;
- d. Process applications of qualified individuals into the program, forward the applications to the Application Review Committee and post to Share Point, notify applicants of approval/denial;
- e. Assist with organizing NYS Erosion and Sediment Control Certificate Program Implementation Review Course including creating advertising, taking registrations, collecting fees, making copies, maintaining the Practicing Institute of Practicing Engineers, Inc (PIE) accreditation;
- f. Maintain a list of approved instructors for the NYS Erosion and Sediment Control Certification Program Implementation Review Course;
- g. Send notices of certificate renewals on a yearly basis via email;
- h. Audit 5% of certificate holders annually to maintain compliance with the PDH Development Policy;
- i. Assist with organizing exam offerings and provide list of approved applicants to exam proctor;
- j. Grade all NYS Erosion and Sediment Control Certificate Exams and notify applicants of exam score, whether certification was achieved, and generate NYSESCCP Certificate for each applicant passing the exam;
- k. Organize and attend NYS Erosion and Sediment Control Certificate Steering Committee meetings as needed and take minutes;
- l. Work with NYS CDEA on maintaining current program information for the NYS E&SCCP page on the CDEA website;
- m. Provide bi-annual reports to the NYS Conservation District Employees' Association Board outlining number of current certificate holders, events information, and financial status of program.

6. Upon completion of the work required hereunder by the CONTRACTOR, title to all work performed shall vest in the NYS CDEA to and including any unused materials purchased by the CONTRACTOR with funds provided by the NYS CDEA to accomplish the work and shall be returned to the NYS CDEA no later than thirty (30) days from the expiration of the Agreement.

7. The CONTRACTOR shall annually certify compliance with the New York State Tax Law Section 5-a, Firm Certification Requirement and shall by November 1, of each year, file a ST 220 TC with the NYS Department of Taxation and Finance and with the NYS CDEA.

8. DISPUTE RESOLUTION

In an effort to resolve any conflicts that arise during the PROJECT or following the completion of the PROJECT, the NYS CDEA and the CONTRACTOR agree that all unresolved disputes between them arising out of or relating to this Agreement shall first be submitted to non-binding mediation unless the parties mutually agree otherwise.

The NYS CDEA and the CONTRACTOR further agree to include a similar mediation provision in all agreements with subcontractors and subconsultants retained for the PROJECT and to require all subcontractors and subconsultants also to include a similar mediation provision in all agreements with their subcontractors, subconsultants, suppliers or fabricators so retained, thereby providing for mediation as the primary method for dispute resolution between the parties to those agreements.

The NYS CDEA and the CONTRACTOR agree to select a mediator from lists suggested by each party. The mediator shall be a person knowledgeable in the type of matter under dispute and may be an accredited mediator, contractor, consultant, or otherwise knowledgeable person. Whenever possible the mediator shall be from the local area.

The cost of the mediator shall be shared equally by the parties to the dispute. All mediation sessions shall be held in Schuyler County.

Caitlin Stewart, President of the NEW YORK STATE CONSERVATION DISTRICT EMPLOYEES' ASSOCIATION, and SCHUYLER COUNTY SOIL & WATER CONSERVATION DISTRICT, here to have executed this Agreement as of the day and year appearing opposite their respective signatures below. By approving this Agreement, both parties agree to all terms and conditions listed in this Agreement, as well as all attachments included with the Agreement.

APPENDIX A

STANDARD CLAUSES FOR NYS CDEA CONTRACTS

(See Attached)

NYSCDEA Meeting
January 2024

Meetings

Monthly meetings are continuing. There will be a meeting in San Diego on Saturday, February 10 and conservation district employees are encouraged and welcome to attend these meetings. Officer nominations/elections will take place in San Diego and looks like there will some changes to the officers for two positions.

Professional Development

Professional Development Committee has developed a training event for Saturday, February 10 from 1-5 PM. For those attending the annual meeting, here is another great opportunity to meet and network with fellow conservation districts across the nation. An opportunity to share your success stories and maybe gain a few take aways for yourself.

Don't forget about the convene webinar that is sponsored by NCDEA. Encourage fellow conservation districts to participate. District employees can register for this training using the National Conservation District Employees Association as their organization. This is a subscription service offered by NCDEA to district employees. When one becomes registered, they have the ability to listen to past training events too.

Employee Reception

Every year NCDEA holds an employee reception at the NACD annual conference for district employees to network with other district employees across the nation. This reception will take on Saturday, February 10 from 5:30 – 7 PM. Cash bar and little snacks will be available. If you're in San Diego for the conference, we are encouraging you stop and its great time

Don Aaron Scholarship

Remember the Don Aaron scholarship is available. **Applications for the scholarship may be filled out, and submitted below. The deadline to submit is March 15.** The online form can be found at www.ncdea.us under *About Us*.

If you have further questions regarding the Don Aron Scholarship, please contact the NCDEA Executive Director at executivedirector@ncdea.org.

NCPP (National Conservation Planning Partnership)

As you have heard in passing from both Jeff and I, NCPP's primary goal is to reinvigorate conservation planning at the local level. Whether you have a direct planning role or a support role, you may be in a position to make observations, recommendations, or suggestions that will contribute toward achieving this goal. Please visit www.ncpp.info to make a suggestion. Your suggestion will be pass onto the appropriate person or group to respectfully consider and take the appropriate action.

Lastly, just want to remind everyone to check out the NCDEA website ncdea.us. Feedback is welcome along with your news and job announcement. NCDEA would be delighted to share news about members and conservation districts.

NCDEA builds bridges to assist 7000+ district professionals in implementing conservation programs in their local communities.

Respectively Submitted,

Velynda Parker

NACDE Vice President/Northeast Alternate Region Director

Northeast Association of Conservation District Employees
"Together We Achieve the Extraordinary"

NYSCDEA Meeting
January 2024

Monthly Meetings

The NACDE meeting are bi-monthly starting at 8:30 with executive board then moving into open session at 9 AM. The next meeting will on Wednesday, March 20. Any district employee wishes to attend these are encourage to do so. This month's meeting discussed partnership strategies and challenges working with NRCS and strategies for onboarding new employees.

Don Aaron Scholarship

The objective of the scholarship is to provide financial support to a District Employee or member of their immediate family who is participating in a resource conservation curriculum while enrolled in an accredited college or university. Attainment of a degree is not required. The eligibility for this scholarship, is the applicant is a District Employee, they must; (1) be currently employed for a period of one year by a Conservation District of the United States and; (2) have demonstrated integrity, ability, and competence in their work and possess skills gained through training or experience and; (3) provide information substantiating enrollment at an accredited college or university. The scholarship amount will not exceed \$1,000.00.

Applications for the scholarship may be filled out, and submitted below. The deadline to submit is March 15. The online form can be found at www.ncdea.us under *About Us*.

If you have further questions regarding the Don Aron Scholarship please contact the NCDEA Executive Director at executivedirector@ncdea.org.

NACD Northeast Region

Nika Colley is the new Northeast Region Representative for the National Association of Conservation Districts. Originally from Tappan, NY, Nika graduated from Cornell University in May of 2023 with a dual-major in Environment & Sustainability and Animal Science. During her time at Cornell, she worked on a variety of food systems and environmental justice projects for organizations like the North American Food Systems Network and Climate Justice Cornell. In addition to these projects, Nika has worked at a variety of farms in Vermont, Ontario, and New York. Nika hopes to make positive change for people and land while creating community through her work. In her free time, Nika enjoys gardening, crocheting, and riding horses.

Northeast Conference

The northeast conference will be held in conjunction with NACD Summer meeting in Boston, Massachusetts on August 10 – 13. NACDE board is working with NACD team on the Sunday tour, awards ceremony and annual meeting room. The draft agenda will be presented to the NACD northeast region in San Deigo at their board meeting. As more information becomes available, information will be forward to the northeast region conservation districts.

Respectively Submitted,
Jeffrey Parker
Past President/CDEA Representative

**Frank Bratt Report
January 23, 2024**

- Active Frank Bratt Scholarships:

Name	Award Date	Amount
Nate Woodworth	October 2022	500.00
Rebecca Olsen	November 2023	395.00
Alex Marks	December 2023	250.00
Andrea Centola	December 2023	500.00
Shawn Murphy	December 2023	325.00

- Received three applications for the March 2024 round of funding, totaling \$750.00 for 3 – Cornell Pro Dairy Trainings. The application window is still open until March 1st, so I anticipate a few more requests by then.
- In 2023, a total of \$2,355.00 was awarded from a possible \$4,000.00
- Available funds for the new year will be \$4,000 with \$1,000 per round beginning in March. With inflation and increased costs, should we consider increasing the funding request limit? As it stands, the max request is \$500 per person.

Each round of the Frank Bratt Scholarship is a minimum of \$1,000. Unspent funds of a previous round can be rolled over into the next round to reach the annual limit of \$4,000. Here is a summary of each round that was funded.

March 2023	June 2023	September 2023	December 2023
\$885.00	\$0.00	\$395.00	\$1,075.00
