

## New York State Erosion & Sediment Control Certificate Program Implementation Review Course

**LOCATION:** Hyatt Regency Rochester  
125 East Main Street  
Rochester, NY 14604

**DATE:** Tuesday March 11<sup>th</sup> and Wednesday March 12<sup>th</sup>, 2025

**REGISTRATION DEADLINE:** March 3<sup>rd</sup>, 2025

The New York State Conservation District Employee's Association will be hosting the New York State Erosion & Sediment Control Certificate Program Implementation Course on Tuesday March 11<sup>th</sup> from 1:30 pm to 4:30 pm and continuing into Wednesday, from 8:30am to 4:30 pm. This course will be instructed by a variety of qualified Soil and Water Conservation District and NYS Professionals with decades of experience in this field of study. This session is intended to prepare individuals who plan to sit for the NYSESCCP exam.

This course presents details of the New York State Erosion & Sediment Control Certificate Program to establish and maintain a process to identify and recognize individuals who are capable of developing, designing, inspecting and maintaining erosion and sediment control plans on projects that disturb soils in New York State. Presentations include regulatory history, permit requirements, site planning and management, NYS Erosion and Sediment Control Standards, as well as site plan review and construction inspections. Participants will calculate soil loss impacts, stormwater runoff volumes, fertilizer and seeding quantities, and key design elements of runoff and sediment control practices. Participants should bring a scale, calculator, the most current copy of the NYS General Permit for Stormwater Discharges from Construction Activity, and the NYS Standards and Specifications for Erosion and Sediment Control. More information regarding the program and course can be found <https://www.nyscdea.com/nyseccp/>

This class can be counted for Professional Development Units (PDU's) for those that retain stormwater certifications in Certified Professional in Stormwater Quality (CPSWQ), Certified Professional in Erosion and Sediment Control (CPESC), and the New York State Erosion and Sediment Control Certificate (NYS ESCC). In addition, this class has been certified for 10 Professional Development Hours (PDH's) for New York State registered Professional Engineers by the Practicing Institute for Engineering.

The cost of attending this course is \$250/ per person without PDH credits and \$350/ per person with PDH credits. This course is being held in conjunction with the NYS CDEA Water Quality Symposium. **Registration is separate from the NYS CDEA Water Quality Symposium and Pre-Registration is required.** In order for this course to be offered, 10 attendees need to be registered otherwise the course will be cancelled. Return the bottom portion of this form, along with the registration fee, to Schuyler County SWCD, Attn: Jessica Verrigni, PO Box 326, Montour Falls, NY 14865. No refunds except in the event of cancellation.

**QUESTIONS?** Contact Jessica Verrigni at [jessicaschuylerswcd@gmail.com](mailto:jessicaschuylerswcd@gmail.com)

**Methods of Payment:** Check Payable to Schuyler County SWCD- *No other forms of payment are accepted at this time*
